Notes were very clear

Richard was very helpful with all problems no matter how small

-did not feel uncomfortable asking for help.

- provide more courses on a Saturday
- provide course notes in soft copy

Please turn over

To make certain that students in class have met the pre-requisites eg. must at least know HTML.

Please turn over

More space on the desk.

Please turn over

Clear presentation, demonstrations

Rick Tan is an excellent teacher. Responded to student comments. Checked every one's work to correct computer syntax. Extremely friendly. Will highly recommend his

courses. Have come away thinking that PHP and MySQL are not

Richard is very clear in his explanations + very well organised - keeping participants on track.

A really valuable course well conducted
